These 5/8" Aluminum Screwposts come in sets of 20. One set is one screw and one post.

5/8" Aluminum screw posts have many uses. You can use them for binding your prospectus or monthly report. You can also use them for binding color swatches or sample sets. Our 5/8" aluminum screw posts will securely fasten paper, card stock, plastics, thin metal, and a variety of other materials. They can be used to assemble just about any material that you can drill or punch a 1/4" diameter hole through. Just push the post through the hole, thread the screw into the post and finger tighten. Your materials are now securely fastened!

If necessary, aluminum screw post extensions can be added to the standard [aluminum screw posts](#) to achieve a better fit.

We sell screws and posts together so that you you don't have to worry about matching the correct parts.

Technical Specifications:

- The post length is 5/8" and the diameter is 3/16". The post length is the maximum binding thickness (inside length.) We recommend that you measure the total thickness of the materials that you are binding to obtain the best fit. We also recommend that you punch or drill a 1/4" hole in your documents to accept these posts.
- **Posts** are 3/16" diameter. The overall length of a post with the screw installed is approximately 3/4".
- **Post and screw heads** are 7/16" diameter and 1/16" thick. The screw thread is #8-32.
- 3/8" long **screws** are furnished with all posts.
- **Quantity per package** is 20 for all [aluminum screw posts](#). We can supply larger quantities on request. Please call for a quote on orders of 25 or more packages.

- These posts are the industry standard size. They are compatible with all standard posts, including those sold under the Charles Leonard brand.
- These screw posts can be extended using our [1/2"](#), [3/4"](#), and [1" screw post extensions](#). [1/4" screw post extensions](#) may also be used with the addition of [3/16" screws](#) (the 3/8" screws furnished with these screw posts are too long to work properly with 1/4" screw post extensions).

If you would like to have a different appearance, you might want to look at our [plastic screw posts](#). If you need greater strength to hold large or heavy materials, please consider our [steel screw posts](#). We also have [Colored Aluminum Screwposts](#) in Antique Brass, Gold and Black.
