Banner clips provide a hanging point when used with the [snaprail](#), [NX snaprail](#), [EZ snaprail](#), [Superail 2 poster spines](#), and [economy banner rail](#). Banner clips slide into the top groove of a poster hanging rail and are easily positioned along the length of the rail.

Features

- Banner clips are 0.80" high x 0.60" wide.
- Clips are made of durable polycarbonate in black or clear.
- Use to create a hanging point on the top or bottom rail.
- The clip's t-shaped base corresponds with the poster rails t-shaped groove.
- Clips slide horizontally in the rail's groove for easy positioning and hanging flexibility.
- Sold in packages of 100.
