The iBooklet makes booklets from all common paper sizes, including Letter, Legal, and 11 x 17" sheets. Custom sheet sizes can be set up to handle any size paper from 4.3" x 8.25" to 13" x 18.4".

Now you can produce up to 800 booklets an hour with up to 16 sheets (64 pages) quickly and easily.

Features

- The iBOOKLET has a built in LCD counter that clearly shows job progress and settings.
- In case of an error, the icon based control panel clearly indicates what has happened.
- Staples saddle, side, or corner.
- Automatically adjusts stapling and folding position according to the selected paper size.
- It has standard paper size buttons such as letter, legal, ledger, etc.
- Custom paper length is programmed by pushing the FREE button, and the +/- buttons.
- In automatic mode, the sensor detects sheets inserted, then staples and folds automatically.
- In manual mode, it staples and folds sheets when the START button is pushed.
- Count mode is selectable from addition and subtraction mode.
- 3 modes can be easily switched: staple only / fold only / staple & fold.
- The iBOOKLET has a patent-pending stapling mechanism which enables it to select ordinary clinch and flat clinch.
- Flat clincher makes booklets and documents beautifully finished and saves space.
- At 800 sets of booklets produced per hour, the iBOOKLET is fast as well as easy to set up and use.
