Make your HD Punch more productive by getting the APES-14! APES stands for Automatic Paper Ejector & Stacker module. With your Rhin-O-Tuff HD punch it will punch, eject and stack in one operation. The APES-14 easily attaches to your HD6500 or HD7000 and handles paper sizes from 5 1/2" X 5 1/2" up to 14" X 14" (140 X 140mm to 356 X 356mm). For the occasional job that it can't handle you can use your HD Punch in standard mode while the APES-14 is still attached.
