The icrease EXCEL is a medium production, friction feed automatic die-creaser with in-line perforating capability. It features a touch screen programming module with automated distance recognition for automatic set-up of your most common jobs.

Features

- Automatic setup for 8 standard folds: letter, half, roll, gate, double gate, double parallel, tri-, and z-fold.
- Automatic set-up for 3 types of perfect binds: no hinge, single, and double hinge.
- Custom set-up of up to 12 creases per page.
- Simple, fast setup using a touch screen.
- BATCH, TOTAL, and TEST functions.
- Rotary actuated, matrix compression crease system produces a sharp crease without cracking.
- Supplied with two creasing dies (standard and wide).
- In-line perforating function.
- Optional scoring and micro-perforating capabilities.
- Adjustable, lateral position feed guides ensure accurate feed.
- Quiet operation.
- Optional transfer to a folder or UV coater.
