**The Finish-A-Coil E1 has adjustable full-width rollers to make coil inserting extremely fast and easy** for all sizes of coil. The built-in electric coil crimper then quickly and effortlessly finishes the book.

## Features

- Foot-pedal operated electric inserter.
- Foot pedal operated, built-in electric coil crimpers.
- Full length (11-3/8") EPDM roller provides high friction and durability.
- Adjustable bottom roller makes it easy to insert coils of different sizes, even the extra-large ones.
- The synchronized roller and crimper adjustment makes it easy to set the correct roller position and crimper angle on the machine for different coil sizes.
- Makes consistent & perfect crimps on all coil sizes up to 50mm with a simple press of the foot-pedal.
- The crimper mechanism is adjustable to fit any size coil, so you don't need to go to the expense & hassle of purchasing and installing different crimper heads.
- The single foot pedal allows the free use of both hands and grants the operator complete control while inserting or crimping the coil.
- The manual operation mode switch allows the operator to choose between Insert and Crimp action when foot pedal is pressed.
- The automatic mode selection sensor automatically switches foot-pedal operation between Insert and Crimp using a built-in sensor.
- A built-in coil diameter scale lets the operator verify the coil diameter size.
- The built-in coil diameter selector selects the correct coil diameter size corresponding to the thickness of your document.

- The built-in pitch identifier verifies that the coil pitch matches that of the punched document.
- Then U-shaped alignment channel curves the spine of larger diameter documents to match the coil's shape for a faster and easier insertion.

## Specifications

Maximum Punch Capacity	None 20# sheets
Maximum Paper Size	11 inches
Construction	Metal
Punch Type	None
Adjustable Hole Depth	No
Binds Books Up To	2.0 inches
Warranty	1 Year
Size	5.75" H x 14.5" W x 10.5" D
Shipping Weight	20 Pounds
