Four Prong Electric VeloBind Strip sets for V-100 Electric Velobinder & V-50 Velobinder. EVB, Electric Velo Bind Strips are also known as 4 prong VeloBind strips 11". 4 prong EVB strip sets are used for all different types of reports, presentations or proposals where a clean professional look is required. Electric Velobind Strip binding is a perfect binding method for the home office or for large corporate presentations. Documents bound with EVB Strips are easy to file or put on a book shelf because of the slim bound binding edge. Electric VeloBind strips come in Black & Navy.

Do you have a Model OneEleven Velobind machine and can't find Model 111 or Model One Eleven VeloBind strips? EVB strips allow you to utilize your Model OneEleven Velobind machine to punch the holes and 4 prong Electric Velobind strips can insert onto 4 of the eleven holes punched. Next you insert the end strip over the 4 prongs and then you bend or fold the remaining prong extension into the end strip securing the bind and creating a clean professional Velo bound document. If you have any questions, please call our any one of our knowledgeable staff from 8am EST to 8pm EST Monday through Friday at 800-808-2377.
