Prices and specifications are subject to change. Click the link to view the latest information: [0.065 inch "H" Sign Channel](#)

These **sign channels** hold signs up to 0.065" thick and mount securely to vertical surfaces with foam or film tape. This "H" channel works with the [0.060" Sign Channel](#) or the [0.070" Sign Channel](#) to provide a center point when mounting signs directly above and below each other.

Features

- Sold in lengths of 48". Can easily be cut to length for smaller signs.
- The "H" sign channels have a 5/8" mounting base and a 7/16" front sign-grip lip.
- Manufactured in clear PVC with white foam tape or clear film tape.
- Manufactured in black PVC with black foam tape.
- Mount signs in the channel and easily slide horizontally for positioning or sign changing.
- Use as a center piece in combination with single sign channel (top and bottom pieces).
- A fully open "H" channel makes it easy to insert and reposition stock.
- Sold in packages of 10.
