Prices and specifications are subject to change. Click the link to view the latest information: [Suction Cup with Clear Push Tack](#)

These suction cups have a hole in the stem that accepts a clear tack. The tack pierces sign stock, or passes through drilled or punched holes. It then grips the corresponding hole in the suction cup's stem, holding your sign in place.

We also carry replacement clear tacks for these suction cups.

Features

- Small suction cups have a 0.875" diameter suction cup base and a 0.38" diameter cap atop a 0.28" stem.
- Medium suction cups have a 1-7/8" diameter suction cup base and a 0.46" diameter cap atop a 0.32" stem.
- Large suction cups have a 2.4" diameter suction cup base and a 0.57" diameter cap atop a 0.38" stem.
- The clear tacks have a 0.15" diameter shaft and 0.675" diameter head.
- Both suction cups and tacks are made from UV resistant PVC.
- Suction cups and tacks are sold in sets of 100.
- Attach to smooth, hard surfaces and hang small signs using the supplied tack.
