Sometimes called the "baby on board" suction cups, these suction cups holds small signs on glass. Signs can be hung directly from the cap by pushing the cap through a drilled hole on the sign; turning the sign at an angle allows the suction cup's cap to pass through the hole.

In addition, a 0.125" hole on the top of the stem accepts standard and nylon tacks. These suction cups are available in small, intermediate, medium, and large sizes.

Features

- Small suction cups are 7/8" diameter and have a 0.30" diameter x 0.18" high top stem.
- Intermediate suction cups are 1-3/16" diameter and have a 0.37" diameter x 0.26" high top stem.
- Medium suction cups are 1-3/4" diameter and have a 0.57" diameter x 0.38" high top stem.
- Large suction cups are 2.4" diameter and have a 0.57" diameter x 0.38" high top stem.
- All suction cups have a 0.125" hole on the top of the stem for clear PVC or nylon tacks (available separately).
- Suction cups are made from UV resistant PVC.
- Adhere to smooth, hard surfaces and hang small signs over the suction cup's stem.
- Hang small signs on glass doors and windows inexpensively.
