The FlexiPunch-E is a versatile, space saving, and money saving electric book binding machine which allows you to quickly and easily change out punch dies to go between coil binding, wire binding, and comb binding easily. You can do a coil binding job, and minutes later squeeze in a wire or comb binding project using the same primary punch. The high quality precision die sets of this machine will last for years of production.

Features

- Electric foot pedal operation
- Punch capacity: Up to 20 sheets of 20 lb paper
- 12 inch punch length (Letter or A4 size) with open ends for longer sheets
- Fully disengageable pins
- Adjustable depth margin
- Heavy duty motor and gearbox
- Built-in anti-jam (reverse) feature: When sheet overload is detected, machine automatically retracts and stops punch operation to avoid downtime
- All metal construction including heavy cast side plates and non skid feet
- One year warranty
- Sold with the die of your choice. Additional dies sold separately.
- Can be combined with the [Finish@Coil E1](#) to make a complete coil binding machine. (Finish@Coil E1 sold separately).
