These suction cups feature a spring-mounted adhesive button inserted into a 1/4" hole in the stem. Removing the button's peel-and-stick liner allows small signs to easily mount to the button. They are great for adding motion to a small sign.

Features

- Suction cups are 1-7/8" in diameter at the base, with a 0.46" diameter x 0.32" high stem with a 0.24" hole in the end.
- A 1" spring attached to a adhesive button with peel-and-stick foam tape disc is inserted into the hole.
- The suction cup is made from UV resistant PVC.
- Attach the suction cup to a smooth, hard surface and mount small signs to the adhesive button.
- The spring motion adds an attention-grabbing aspect to small signs.
- Often used on cash registers and slot machines.
- Suction cups are sold in packages of 100.
