The Versalam-2700 HC is a heavy-duty metal construction laminator suitable for any use from schools to commercial print shops. It does one or two sided lamination, cold lamination, and mounting. The Versalam-2700 HC uses heated silicone rollers for crystal-clear laminating on all materials.

Features

- Single and double sided laminating.
- Take-up roller for cold lamination.
- Middle de-curling bar and back pull bar to reduce curling on single-sided lamination.
- On/off switch for bottom roller heat for single-sided lamination.
- Laminates up to 27" wide materials.
- Laminates all film up to 10mil thick.
- Laminates at up to 5ft/min.
- Can use top rolls of up to 11" diameter.
- Mounts up to ¼" boards.
- 5 rear fans with separate on/off switch.
- Variable speed and temperature controls.
- Temperature conversion feature.
- Auto shut-off.
- Feed tray and front shield sensors.
- Mounted on its own stand.
- Rear film slitter.
- Guide plate for 8.5" x 11" documents.
- Heavy-duty, all-metal construction.
- UL approved.

Specifications
