The Easy-Lam School Budget Laminator has been Discontinued and replaced by the [Minikote EZ 27" Roll Laminator](#)

See our [Roll Laminating Machines](#) for a complete list of our current machine models.

The **Easy-Lam School Budget Laminator** is a heated roller machine that laminates at a lower temperature to cut down on the odor of high temperature laminators. That helps in school environments, when the laminator usually is working in smaller spaces. In addition to not having to deal with complaints about the smell, the machine is energy saving!
