The MBM BC12 Table Top Automatic Business Card Slitter is a great way to eliminate the costly and time consuming process of outsourcing business card production. Simply print up to 12 standard business cards onto a letter size sheet and the BC 12 will produce 12 perfectly cut business cards in seconds. Capable of producing up to 60 cards per minute, the BC12 Automatic Business Card Slitter saves you time and money by producing big results in little time. The key to it's productivity is its ability to cut 12 business cards in a single pass. It has 10 pre-set cutting modes for many other common cutting templates including: 4 up 3.5" x 5" photos, 12 up business cards on legal size paper and many more.

Features

- Speed: 13 sheets/min. based on half cut (8 1/2" x 11")
- Sheet capacity: 50 (may vary due to variations in paper and power supply)
- Paper size: 8 1/2" x 11" to 8 1/2" x 14"
- Cuts 12 standard size (2" x 3 1/2") business cards per page (up to 60 cards per minute)
- Safety access cover—machine will not operate with cover in open position
- Self-correcting cut mark function ensures accurate cuts every time
- Self-sharpening blades
- LED 4 digit counter control panel with addition and preset subtraction functions
- Quick-change cartridges can be switched out easily for different cutting formats
- 10 pre-set cutting modes
- Optional perforator, and scorer cartridges
- Compact design and quiet operation make it ideal for corporate environments
- UL and C UL approved
