Prices and specifications are subject to change. Click the link to view the latest information: [Practik 60" Utility Cutter](#)

The Practik 60" utility cutter is obsolete. it has been replaced by the [Simplex 64" Cutter Bar](#).

Safe and accurate cutting of foam core, honeycomb and corrugated plastics, vinyl and plastic film, cardboard, flex plates, and many other materials. Specifically designed to cut large format graphics, pop ups, signs, and mounted graphics of all types.

Features

- Accurate to within 0.03" over the length of the cut
- Simple, easy to use design
- Rubber strips on the underside of the cutter bar grip any surface without marking
- Use on any table, counter, or work surface
- Patented linear bearings have been test run under load for 1000 miles
- Cutters can be easily lifted and stored safely out of the way
- Uses standard utility blades - no expensive special blades to buy
- Blades change in seconds without tools
- Cuts foam centered board up to 0.5" thick (requires Keencut XR Blades)
- Cuts PVC foamboard up to 0.25" thick
- Cuts honeycomb and corrugated plastics
- Cuts vinyl and plastic film
- Cuts cardboard & corrugated cardboard
- Cuts flexo plates up to 0.3" (unprocessed and processed)
- 5-year comprehensive warranty
- 20-year free replacement on all bearings
- For higher cutting accuracy see the Javelin cutter
