Modern punch and bind machine for wire binding. This effective manual punch and bind machine punches up to 10 sheets of 20 pound bond paper.

Features

- Hardened steel dies for a clean and precise punch every time, even when perforating delicate or hard to punch materials, such as PVC, PP, Polyester, etc.
- The "U" shape handle strengthens the punching power, for an easy clean punch.
- There is a side margin guide to evenly center the document
- ISO 9002 quality
- A wire selector precisely determines the appropriate wire diameter to use.
- The heavy base provides for solid and stable table top operation
- Format - Letter
- Hole Punch - Square (4mm)
- Pitch - 3:1 also available in 2:1
- The vertical wire closer systematically and independently adjusts at either end, providing a precise and even wire closure.
- Punching Capacity - Up to 10 sheets of 20 lb. bond paper
