This mobile hanger is a simple and versatile central fastener for lightweight mobiles. The hanger provides a central hanging point, and has holes into which wires can be inserted to create a four-armed mobile. The hanger has twist-off tabs which mount on the end of the wires providing hanging points for the mobile panels.

Features

- Includes a 1-1/8" wide x 1-3/4" high central mobile mount.
- There are four twist-off wire end-caps (providing hanging points on the mobile wires).
- Includes 4 pieces of 0.093" diameter wire, 13" in length.
- Also accepts wires in 0.072", 0.079" and 0.092" thick diameters if you want to use your own wire.
- Mount is made from injection molded natural HDPE plastic.
- Wires are galvanized steel.
- Cost-effective and simple; no tools are required for assembly.
- Creates a four-arm mobile which turns freely from a central hanging point.
- Sold in packages of 10 sets.
