CD/DVD solid hubs are adhesive-backed solid rubber hubs. They adhere to printed material forming a spindle for CD and DVD discs. The hubs are not compressible which provides an extra measure of protection for the disc. The adhesive-backed hubs are quickly assembled and they fit all CD and DVD center holes.

Features

- Hubs fit CD and DVD center holes.
- Adhesive back is exposed when the hub is removed from the pad.
- Manufactured in black and clear.
- Sold on pads of 32 hubs.
- Adhere to printed pieces to create a spindle for CD and DVD discs.
- Also useful as a bumper.
