The **flexi grip sign foot** has downward titled fins on the inside of the sign foot for an extra-secure grip on the sign. A flexible point between the base and the sign grip allows signs to bend out of the way, a feature that protects signs from being damaged and is helpful when restocking product. The base of this sign foot has pre-mounted foam tape with a permanent adhesive for extra resistance to damage.

Sold in 3 inch and 49 inch lengths. The flexi grip is easily cut to length to fit your application.

Features

- Flexi grip is 1" wide x 1" tall.
- Available in 3" and 49" lengths in clear PVC.
- **3" lengths are sold in packages of 100.**
- **49" lengths are sold in packages of 10.**
- Thin flexi grip holds signs up to 0.1 inch thick.
- Thick flexi grip holds signs up to 0.13 inch thick.
- A flexible point between the base and the sign grip allows signs to "give way"
