DISCONTINUED The MBM/Ideal AP100 Med Edition is a professional air cleaner with individually replaceable high-quality filter elements. The 7-level cleaning system filters pollutants such as fine dust, pollen and acarid allergens, pathogens such as viruses, bacteria, and mold spores, cigarette smoke, exhaust fumes, chemical vapors and odors from the air.

In AutoMode, the AP-100 continually monitors the air quality with intelligent sensor technology (sensors for fine dust, gas, odors and brightness) and automatically controls the power. It can also be controlled intuitively using a 4-inch LCD touch screen for timer function, night function, displaying individual filter conditions, weather data and air quality data. Operational guidance in three languages is included.

Features

- Level 1: Fine prefilter - filters particles such as dust, hairs, pollen, lint.
- Level 2: CleanCel® equipment - inhibits the growth of microbes.
- Level 3: PM2.5 filter - filters ultra-fine air pollutants of a size of 2.5 µm.
- Level 4: Antimicrobial coating "MedShield" - removes 99.9% pathogen viruses, bacteria, and mold spores from the air.
- Level 5: High performance activated carbon filter - removes various odors and harmful gases such as tobacco smoke, food odors, acetic acid, disinfectants, ammonia, formaldehyde, toluol, VOCs, and others.
- Level 6: Optionally selectable PlasmaWave® system - actively supports the removal of bacteria, viruses, mold spores and ultra fine particles from the indoor air.
- Level 7: True HEPA Filter - filters 99.97% of the ultra-fine particles of 0.3µm such as fine dust, dental dust, and sooty particles.
- The antimicrobial CleanCel® equipment of the device's interior inhibits the growth of microbes.
- Provides function modes such as Auto/manual/sleep/turbo.
- Inclusion into a WLAN is possible. Even more comprehensive operation and data is available

from the device using the IDEAL air app (free in the App Store or with Google Play).

- Mobile thanks to castors.
- Power supply: 120 V, 60 Hz
- Noise levels (dB) 28 / 30 / 44 / 56
- Room size (square feet) 400
- Placement: Floor
